

**Main finding goes here,
translated into plain English.
Emphasize the important words.**

A Latex Implementation of Mike Morrison's Better Poster

Lana Sinapayen, Someone Else

1 Intro

- Just give some context
- No need to cite papers
- because people can download your paper

2 Methods

- $N = 30$
- Collected this
- Tested with X statistical test

3 Results

- Your
- Talking
- Points

Extra figures

Add your things here

- Stuff you don't want to forget
- But is not essential
